C. Aaron Rovenstine, Sheriff

Tradition In Service Since 1836

To Whom it may concern:

In the Spring of 1999 the Kosciusko County Sheriff's Department Contracted with Mr. Jim Willison, of Advanced Communication to assist in the design and implementation of a new dispatch center. Mr. Willison's work included writing the bid specifications for new base radio equipment and for a new console which included six new stations. Jim evaluated the bids and coordinated the installation of the equipment with the various vendors.

Mr. Willison was given a tight timetable in which to work and we were pleased with the expertise that Mr. Willison brought to the Project. Mr. Willison always made himself available for any questions and always promptly returned all calls and messages that were given him.

On December 15, 1999 we were up and running in our new dispatch center and Jim continued to follow up on each little item to make sure we were satisfied with the final result.

Sincerely,

C Aaron Rovenstine
