

SULLIVAN COUNTY E 911

**JACK STAPLETON, DIRECTOR
31 SOUTH STATE STREET
SULLIVAN, IN 47882
TELEPHONE: 1-812-268-0708**

TO WHOM IT MAY CONCERN:

Sullivan County, Indiana entered into an agreement to install an Enhanced 911 System.

Upon close examination of the communication center at our correctional facility, we found it to be incompatible with the E911 System. After many days of wasted time n attempting to redesign, engineer and write specifications, I contacted Jim Willison of Advanced Communications.

In nine short weeks, he met with us, generated preliminary and final bid specifications, contacted and sent them to the vendors, then reviewed the bids and made recommendations so the job could be awarded.

All of his work was done in a very timely and professional manner. He took the confusion that we had started with and with his expertise and no nonsense approach got us back on our timetable in a very short time.

Sincerely,

Jack Stapleton
